

E-charge Service by the Electricity Authority of Cyprus

The e-charge service is a service offered all over Cyprus, by EAC to electric vehicles users. Via this service the electric vehicle users have access to safe and reliable charging of their vehicle in Public areas where EAC has already installed charging stations.

How does anybody gain access to the e-charge service?

The electric vehicle users must apply to any EAC Customer Service Center, in order to sign a Service Agreement and receive the RFID (Radio Frequency Identification) Card, which will give the owner immediate access to all charging stations that have already been installed or will be installed by EAC in the future.

Prices and Charges for e-charge users

- Deposit €30,00/card (refund after e-charge service termination)
- Connection fee €29,75 (charged once on the first invoice)
- Subscription fee €6,85 (fixed/two months)
- Tariff* €0,41/kWh (Regular charging)
- €0,45/kWh (Fast charging)

Otherwise, you can charge your car and pay directly through our new app for smart devices, using your debit card.

The above prices including VAT.

Invoices are issued every two months.

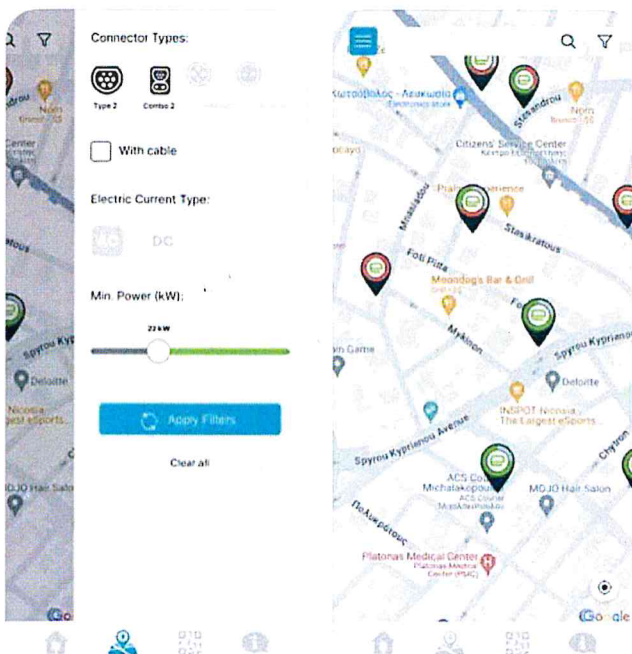

* The tariff cost based on the electricity cost. You can be informed for the current tariff from our website, www.eac.com.cy

Download the e-charge app:

For Android Devices:

For iOS Devices:

Application (app) for smart devices (smart phones/tablets). Through our app you can find the available charging points near you, start and stop your session and get information about your charging history.

Charging power of the electric vehicle chargers installed
 Regular Charge up to 21kW (3-Ph) 30 charge points with
